Shree Mahadev Educational & Rehabilitation Public Charitable Trust is a non-government organization working towards the aim of providing special education, vocational training & rehabilitation services to intellectually impaired divyang. The centre caters to about 250 children in and around Surat.

It is my proud privilege to inform you that since the beginning of 2012-13 our institution has been associated with Human Development Department where students of I.Y. B.Sc are associated with us throughout the year initially for field work and then later as Internship trainees. These student trainees are involved in all the activities rendered in the institution. While working with us they gain an insight in the program conducted with the intellectually impaired divyang where every child is provided with an individual need based program which helps the child to develop social skills, language and communication skills, self help skills, perceptual and motor skills. The students trainees also plan and implement games and special celebrations every year.

In fact I can very well state that this symbiotic arrangement between SPMRPCI and Sheth P. I. Mahila College of Arts & Home Science has proved to be very successful since the students get an exposure to Special Education & we receive fresh ideas & much needed assistance in the classroom. I am also much honored to add that 2 of the past students of your college got inspired & did their Diploma in Special Education & now working in our trust as Special Educators. We look forward to working with the department in the year 2019-20 & for many more years to come.
